

# Social Communication

## Paediatric Community Speech and Language Therapy

<p><b>What is it?</b></p>	<p>What is Social Communication?</p> <ul style="list-style-type: none"> <li>• Social skills are the skills we use every day to interact and communicate with others. They include verbal and non-verbal communication, such as speech, gesture, facial expression and body language (kidsense).</li> <li>• Social communication difficulties may occur for many different reasons. Sometimes it is a distinct diagnosis, other times it is associated with the following conditions:             <ul style="list-style-type: none"> <li>- Autism Spectrum Disorder (ASD)</li> <li>- Learning Disability</li> <li>- Developmental Delay</li> <li>- Acquired head injury</li> </ul> </li> </ul> <p>How does this skill help communication?</p> <ul style="list-style-type: none"> <li>• There are many aspects of social communication that help us understand each other             <ul style="list-style-type: none"> <li>- Sharing attention and orienting to others during conversation;</li> <li>- Taking turns in conversation;</li> <li>- Using non-verbal skills like facial expressions and body language to help interpret what other people really mean or feel;</li> <li>- Staying on a shared topic, rather than only talking about preferred topics.</li> </ul> </li> </ul>				
<p><b>How to help</b></p>	<p>Everyday Strategies:</p> <ul style="list-style-type: none"> <li>• Provide opportunities for early pretend play.</li> <li>• Make the rules and expectations of social behaviour clear and consistent.</li> <li>• Keep language clear by avoiding inferences, sarcasm, irony or indirect requests.</li> <li>• Keep calm and support the child to understand what is being said.</li> <li>• Use visuals such as task boards and visual timetables to show the routine of the day.</li> <li>• Encourage your child to seek clarification if they have not understood.</li> </ul> <p>Activities:</p> <ul style="list-style-type: none"> <li>• Encourage turn-taking at home with the family (e.g. in games and in conversation).</li> <li>• Specifically teach meanings of words, especially when there is more than one.</li> <li>• Support with transition between tasks by using strategies like a traffic light system or now/next boards.</li> <li>• If your child attends school, they may have social skills groups they can attend.</li> <li>• You can create Social Stories to teach children specific social skills that they may find difficult to understand or are confusing.</li> </ul>
