

The granny's busy day.

This story includes words starting with
/gr/.

The granny's busy day.

The **granny** got up early because she knew that she had a busy day ahead. She was looking forward to going on a long walk.

First, she went to see her **grandchildren**. She had lots of **grandchildren**. They crowded around her in a big **group** and gave her a **group** hug. The children loved their **granny** very much!

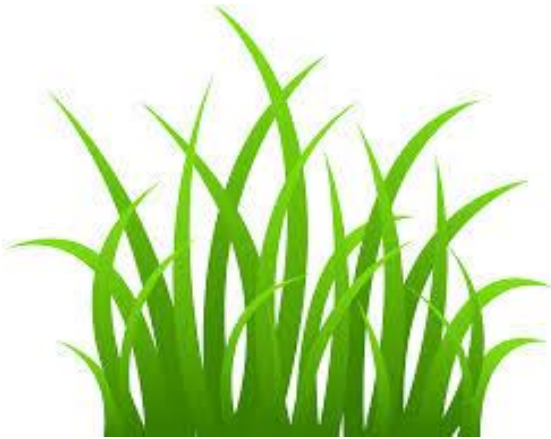

Next, the **granny** went to see the **grizzly** bear at the zoo. He **growled** at her but she didn't mind. She wasn't scared of him.

Next, she went and did some gardening for her friend. She put some seeds into the **ground** and was looking forward to watching them **grow**.

The **granny** looked at her friend's **grass** and thought how lovely and **green** it was.

The **granny** was so tired after the gardening that she went home. She was also very hungry so she had some dinner. She **grated** some cheese and had that with some **gravy** and **grapes**. The **granny** felt a bit sick afterwards as she didn't normally eat **grated** cheese, **gravy** and **grapes** together. "I won't have that again!" she thought.

The sky was going **grey** and getting darker. It was time for **granny** to go to bed.

“I wonder what I’ll do tomorrow,” **granny** thought as she fell to sleep. She hoped that tomorrow would be a bit quieter.

The end.
