

# Hippo sees his friends.

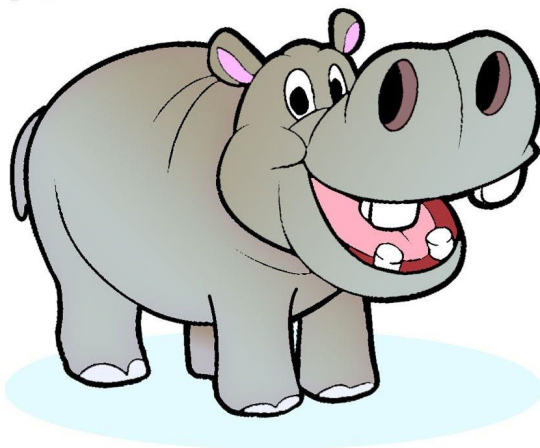

This story includes lots of words that  
start with /h/.

Hippo sees his friends.

It was going to be a busy day for Hippo.  
He was going to see lots of his friends.

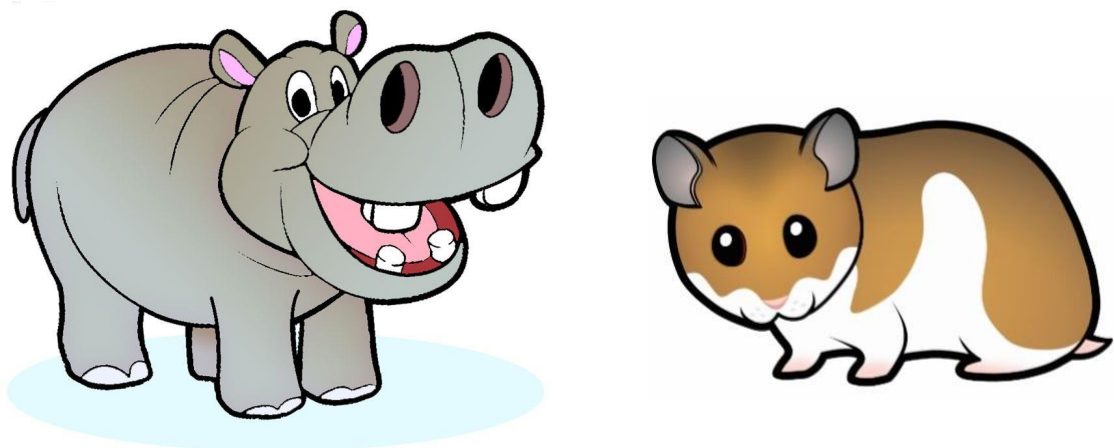

“It’s cold today,” thought Hippo and he  
put his hat on to keep his ears warm.

The first friend that **Hippo** went to see was **Horse**. **Hippo** needed to take his **hammer** around to **Horse's house** because **Horse** wanted to do some work on his garden. "Thank you for delivering the **hammer**, I'll bring it back tomorrow," said **Horse**.

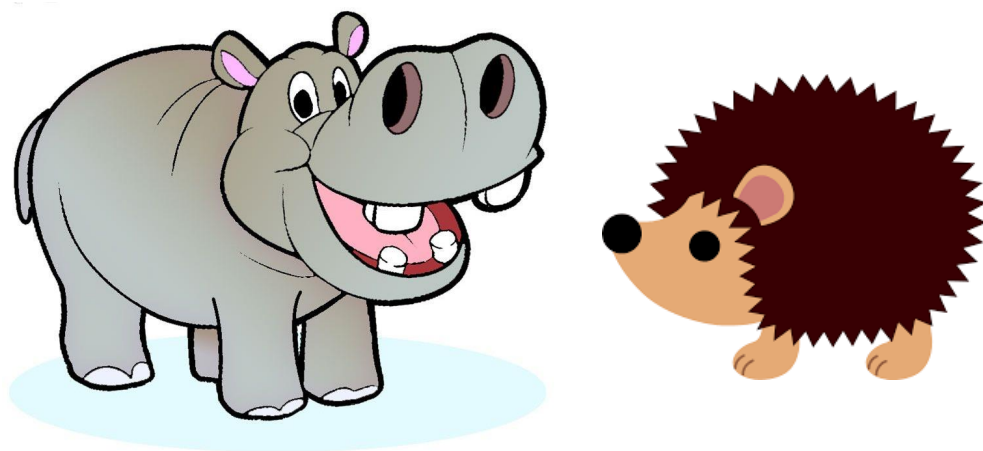

Next, **Hippo** went to another of his friends, **Hamster**.

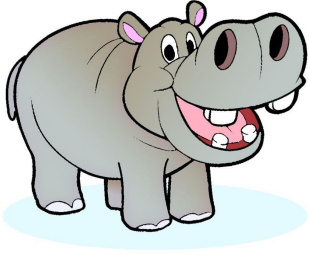

Hamster asked Hippo to go into his house for a cup of tea. They had a lovely time drinking tea in the garden.

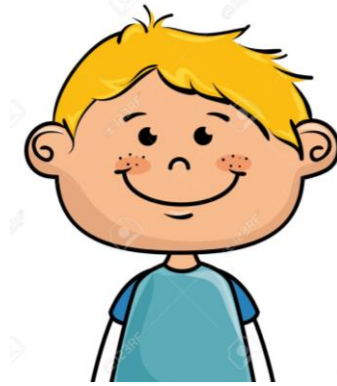

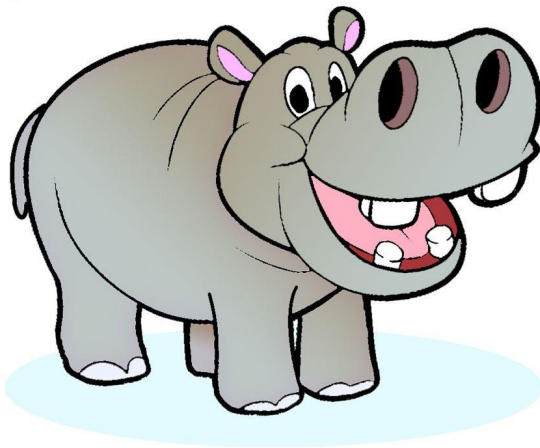

The last friend that Hippo went to see was Hedgehog. Hippo and Hedgehog had a lovely time talking.

Hippo had had a wonderful day. "I feel so happy that I've been able to see all of my friends today," he thought.

Hippo went to sleep with a happy face and wondered who he would see tomorrow.

The end.
