

The **king** goes for a walk.

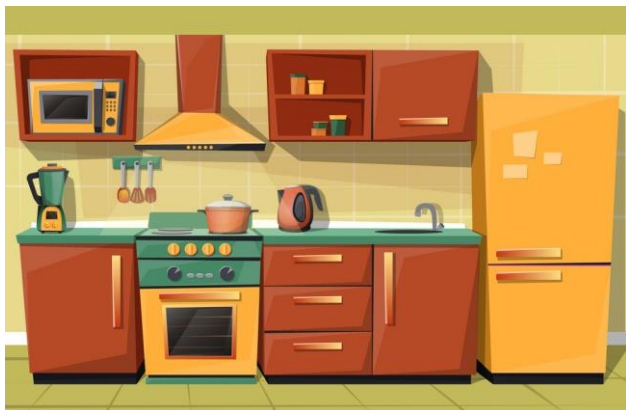

This story includes lots of words that
start with /k/.

The **king** goes for a walk.

The **king** was really fed up of living in his castle so he decided to go for a walk.

“I need some energy for my walk,” thought the **king**. So he baked some **cookies** in his **kitchen**. “These **cookies** are yummy!” said the **king**.

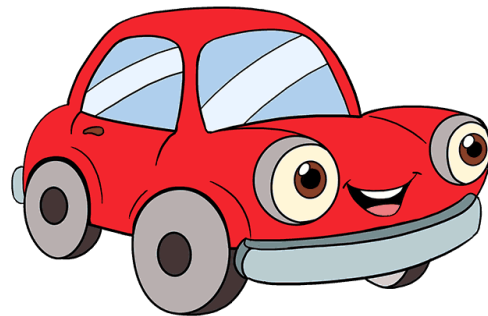

The **king** put his **coat** on and made sure that he had locked the door to his castle with his **key**. The **king** then started out on his walk.

The **king** bumped into some animals on his walk. First, he bumped into a **kangaroo** and then he bumped into a **cat**. The **kangaroo** and the **cat** waved at the **king**. “What friendly animals,” thought the **king**.

The **king** had a long walk and was so tired by the end of the walk that he was too tired to walk back. He phoned the castle and a **car** came to pick him up.

When he got home, the **king** had a bit more energy so he did some **karate** kicks then went to bed.

“What a lovely walk. Maybe I’ll go for another walk tomorrow,” thought the king. Then he fell to sleep.

The end.
