The sloth who loved to sleep.

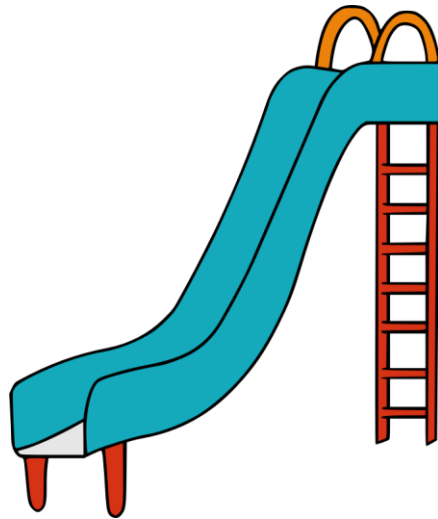

The sloth woke up quite early. “I’m looking forward to today. I’m going to try and find some new places to sleep. Sleeping is my favourite thing!” he thought to himself.

The sloth walked outside to look for somewhere new to sleep. It took him ages to walk because he was so slow. He walked past a park and saw a slide. “I know, I’ll have a sleep on the slide,” he thought. So he climbed on to the slide and fell to sleep.

Soon, some children started playing in the park. They **slid** down the **slide** and banged right into the **sloth**. “Ouch! This probably isn’t a very good place for me to **sleep!**” said the **sloth**. So, he went to find somewhere more suitable.

Next, the **sloth** bumped into a **slug**. The **sloth** explained that he was looking for somewhere new to **sleep**. “I like to **sleep** in **slippers** sometimes,” said the **slug**. “Oh what a good idea. I might try that,” said the **sloth** and he went to find some **slippers** to **sleep** in.

Finally, he found some **slippers**. He crawled into one of the **slippers** and fell to **sleep**.

The **sloth** was having a lovely **sleep** in the **slipper** but then, a lady put her foot into the **slipper**. “Ouch! This probably isn’t a very good place for me to **sleep**!” he thought. So, he went to find somewhere more suitable.

When the **sloth** was looking for somewhere else to **sleep**, he **slipped** on some **slime**. “Oh dear! Now I’m covered in **slime!**” he said. The **sloth** wiped off all the **slime** then continued on his search for somewhere nice to **sleep**.

Next, the **sloth** found Santa’s **sleigh**. “Oh it’s cosy in here!” thought the **sloth** before he fell to **sleep**. The **sloth** was having a lovely **sleep** in the **sleigh** but then, Santa got into the **sleigh** and stepped on him. “Ouch! This probably isn’t a very good place for me to **sleep!**” thought the **sloth**.

The **sloth** was so tired because he hadn't been able to **sleep** properly all day. "I think I'll just go home and **sleep** there. I don't get interrupted at home," thought the **sloth**. It took the **sloth** a long time to get home because he walked so **slowly**.

Once the **sloth** was home, he had a **slice** of cake then went to bed. "I'm going to stay here tomorrow, this is definitely the best place to **sleep**," and with that thought, the **sloth** fell straight to **sleep** and no one woke him up!

The end.
