Santa's busy night.

It was Christmas Eve so it was a very busy time for **Santa** because he needed to deliver lots of presents.

Santa needed to eat before he went out so he ate some **potato**. **Potato** was his favourite. He also drank some **water** because he didn't want to be thirsty on his journey. Then, **Santa** was ready to go.

Santa got into his sleigh. He made sure that he put his **seat belt** on to make sure that he didn't fall out of his sleigh. His reindeers flew very fast so he needed to make sure that his **seat belt** was fastened properly.

For the first of **Santa's** deliveries, he went to deliver a **football** to a boy who had been very good. **Santa** went down the chimney and left the **football** under the Christmas tree.

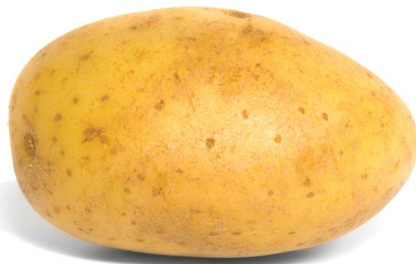

Santa then delivered lots of toys to the children who were in **hospital**. “The children will love these presents!” thought **Santa**.

Santa delivered lots more presents and then it was time for his last delivery. He delivered a present to the **doctor** who had worked very hard that year. “I hope the **doctor** likes his present,” **Santa** thought to himself as he got back into his sleigh.

On the way home, **Santa** was so hungry. He thought about **eating** some more **potato** when he got home. As soon as he got home, he ate some more **potato** and drank some more **water**.

“What a fantastic day, I can’t wait for next Christmas!” thought **Santa**. Then, **Santa** was so tired that he fell straight to sleep.

The end.
